Extraction from DFE Sun Smart Policy Guidelines

- The sun protection policy is in place during terms 1, 3 and 4, and when the ultraviolet (UV) radiation level is 3 and above at other times.
- The policy is implemented for all events and programs including excursions, camps, sporting events etc. This includes wearing of a rash tops or t-shirt over bathers for outdoor swimming activities.
- Appropriate skin protective clothing and hat is included in the school uniform/dress code.
- Care is taken during the peak UV radiation times and outdoor activities may be adjusted accordingly.
- A combination of sun protection measures are considered when planning outdoor events (camps, excursions, sporting activities, swimming carnivals).
- Students are actively encouraged to use available shaded areas and keep hydrated throughout the day.
- Sunscreen is available in various locations around the school.
- Programs on sun protection, skin cancer prevention is included in the curriculum where appropriate.
- The school reviews its sun protection policy regularly (at least every three years) to ensure that the information remains current and relevant.
